## 2011 Marimar Estate Vineyard

Pinot Noir  
Sonoma Coast

*The Marimar Estate Vineyard lies on a hillside overlooking the township of Freestone on the western edge of the Sonoma Coast appellation. This special vineyard benefits from Goldridge soils and a cool marine influence, naturally controlling yields to produce concentrated, exotic wines.*

*A dark ruby, almost purple color introduces this beautiful wine. Crisply focused aromas of red raspberry and wild cherry mingle with scents of forest floor, roasted grain, orange zest, cinnamon, clove and rose petals. The ripe red fruit flavors paired with Garam Marsala and sumac spice notes carry through to the finish, highlighted by a lingering mineral element. Drink now or over the next 7 – 8 years.*

---

### 92 points | Stephen Tanzer's IWC

*Bright ruby-red. Vibrant red berry and cherry aromas are energized by zesty minerality and a touch of fresh rose. Impressively balanced pinot, with energetic red fruit flavors joined by deeper licorice and mocha. Silky tannins are smoothly folded into the fruit, adding shape and cut to the long, sappy finish.
